

Make civil society proposals youth proof!

The EESC Youth Test

The European Economic and Social Committee is the voice of civil society in Europe. Our members represent workers, employers and civil society organisations. We develop policy recommendations for other EU institutions, called **opinions**, on a variety of topics ranging from social policy to the green transition and the future of artificial intelligence.

Thanks to the EESC Youth Test, young people can now have their voice heard!

The Youth Test is a tool designed to strengthen youth participation and youth mainstreaming in policy-making.

At the EESC, it means that youth representatives can participate in the preparation of the EESC policy recommendations:

- ✓ Participate in meetings and hearings
- ✓ Provide written contributions
- ✓ Follow the uptake of the opinion

How does it work?
