

Upward convergence through the European Care Strategy

Kinga Joó, member of the EESC and International Advisor at the Hungarian National Association of Large Families (NOE)

European Care Strategy

Early Childhood Education and Care (ECEC)

- Any regulated arrangement that provides education and care for children from birth to compulsory primary school age
- Barcelona Targets

Long Term Care (LTC)

- Services and supports for people who require assistance in the activities of daily living for an extended period of time
- National Action Plans without targets

<u>Upward Convergence in Care</u>: Available, accessible and affordable (COMM) + inclusive, sustainable and human rights-based (EESC)

Opportunities

- ECEC targets supported by EU
 funding and other EU policies
- Interrelationship bw informal carers and professional care workers
- Social economy providers in LTC

Challenges

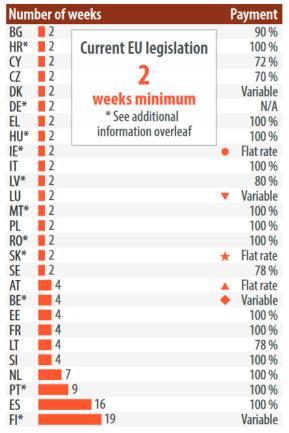

- National specificities and regional imbalances
- Gender inequalities
- "Care drain"
- Personal/family choices
- Prevalance of informal and unpaid care in LTC

Convergence in Paternity Leave among EU MSs as a result of the Work-Life Balance Directive

	Before 2019
No paternity leave	DE, LU, AT, CY, CZ, HR, SK, IE
Less than 2 weeks	NL, RO, MT, IT, EL, HU
2 weeks or more	PT, SE, SI, BE, ES, LV, FR, FI, LT, DK, EE, PL, BG

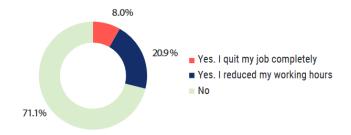

Paternity leave

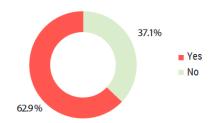

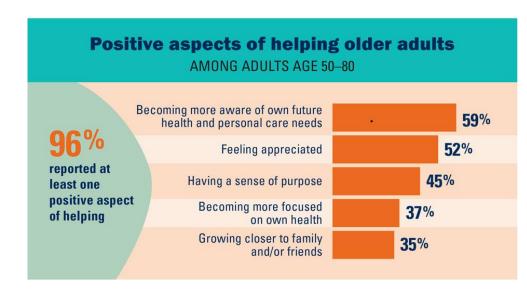

Unpaid care penalty?

Did you ever give up paid work in order to provide regular help and LTC to someone close to you?

Did you ever feel you had to provide care to someone close to you despite a negative effect on your wellbeing?

Good practices in LTC solutions

SLOVAKIA – community-based assistance w professional supervision

HUNGARY – "care watch"

24h assistance at the touch of a button

Conclusions & Recommendations

- Encouraging MS investment in professional public home-based care services available for all
- Quality standards for the LTC sector that are binding for all providers, regardless of their legal status
- Mapping of the realities and needs of informal carers for (more) recognition and formalisation
