

**We are at a crucial point in
determining the conditions for the
sustainable development of AI**

QUALITY & RESPONSIBLE USE

A close-up photograph of a person's face, split vertically into two halves. The left half is tinted blue and the right half is tinted red. A white digital grid with nodes is overlaid on the face, particularly concentrated around the eyes and mouth. The background is dark with faint, glowing grid lines.

TO LEGALISE OR NOT TO LEGALISE?

A misty, grey landscape with a sculpture of a figure holding a hat in the foreground. The sculpture is made of dark, thin rods and has a head with a tuft of grass. The background shows a line of trees and a person walking in the distance.

"Estonia considers a 'kratt law' to legalise Artificial Intelligence (AI)"
