Greening skills and VET

Jürgen Siebel, Cedefop Executive Director

Brussels, 8 November 2023

Conference on #ReskillEU - new jobs for energy and transport in Europe | European Economic and Social Committee

Green transition creates more jobs than it destroys

European Green Deal skill forecast scenario

- About 2.5 million additional jobs by 2030
- Employment benefits in most sectors, some negatively affected (e.g., coal mining)
- Indirect employment benefits mainly for service-based sectors (e.g. ICT, real estate)

Up-/reskilling for all workers

- Targeted policy for 'key' and 'thyroid' occupations
- VET for workers' transitions in 'brown' sectors (e.g. conventional electricity)
- IVET to prepare future workers for green(er) jobs

Jobs driving green transition

- Frontline green jobs
- Greentech specialists
- Green transition managers
- Digital specialists
- Green 'hearts and minds' professionals
