

EESC Expert Hearing on the Critical Raw Materials Act

15 May 2023

Rebecca Lentini, Secretary General, CRM Alliance

About the Alliance

- Founded in 2015
- The Alliance is open to producers, traders, and associations involved in the production and/or supply of critical raw materials in the European Union

CRM Act

CRM Alliance position & recommendations:

1. Integrating the critical and strategic raw material concepts in **broader legislation** and creating tailored regulatory regimes
2. Creating a favorable **investment environment** in the EU
3. Providing a **flexible framework** supporting EU competitiveness
4. Strengthening **Strategic Partnerships** and de-risking investments
5. Introducing a **transparent assessment** procedure for strategic materials

CRM Act

CRM Alliance proposed amendments on the following topics:

- State Aid rules
- Flexible benchmarking and methodology
- Methodology behind strategic raw materials
- Status of CRMs to be considered in all EU legislation
- Status of CRMs to be considered essential
- Balanced approach on certification schemes and environmental footprint requirements
- Trade defence measures & WTO-compliant incentives
