Pieces of the Nijmegen puzzle

- long term strategy, short term programme
- take the lead in projects with citywide impact
- act as launching customer (procurement)
- monitor, share and celebrate success
- support local initiatives, even small
- stimulate collaboration

Wind energy on land – wind park Nijmegen-Betuwe

Energy transition with a citizens cooperative

windpark
nijmegen-betuwe

Project Summary - Cooperation

- Start in 2013 with a few people
- First steps with 'green front runners'
- Grown from 400 to 1500 member citizens
- Search for € 2 million, but could raise € 3,2 million from citizens
- min share € 250, max share € 5000
